450 Minicat

Versatile, Powerful.

'The Pocket Rocket'

Available with – Tiller, Cuddy or
Centre Console

The 4.50m Trailer-able Catamaran

Sports Fishing – Leisure - Customizable

PDL Marine are proud to present the Kingfisher 450 Minicat

The most popular within the Minicat range giving you the option to go just that bit further and still offering all the usual features expected in the Minicat range. Amazing stability and ample room for all.

Unlike many other catamarans, the Minicats are powered by a single outboard mounted between the two hulls. A well thought out design with plenty of experimentation with the tunnels, hull and deadrise creating an effective way to keep waterflow over the propeller and avoiding cavitation. The bonus being an exceedingly quick vessel with minimal power.

The craft features symmetrical hulls with full underfloor sealed flotation for positive buoyancy.

Additional features can include but not limited to:

Twin seats fwd and Aft or side by side – Ice bin – Rod holders – Deck Platform aft – hydraulic steering, transom ladder

Kingfisher 450 MiniCat

Length Hull	4.50 m
Beam Hull	2.07 m
Draft	0.25 m
Power	Recommended range between 1 x 40HP to 60 HP
